**TACOMA, Wash.** – Castle Megastore's Tacoma outlet hosted a Legends of Porn Extravaganza on Friday. The event featured an impressive lineup of veteran performers and AVN Hall of Famers, including Kylie Ireland, Amber Lynn, Ginger Lynn, Herschel Savage, Nina Hartley, Randy Spears, Randy West, Seka, T.T. Boy and Veronica Hart.

Ronda Coleman, video buyer for the Castle Megastore Corporation, told AVN that the event was a huge success. "It was a really fantastic event. All ten stars showed up, on time and looking great. It's not very often that you can get that many great performers in one room at the same time. The customers gave the event rave reviews, and there was a steady flow of people the entire night.

"This is an event we've been planning for the last couple of months, and these kinds of things are really trial and error. I think we'll switch a couple of things up for next time, but we'll probably make it an annual event. We'd like to thank all all of the stars for a fantastic show!"

Fans had a chance to meet and greet all the performers, who will sat at five different tables in boy/girl pairs. The performers had their titles for sale, as well as Polaroids and 8 x 10s.

"We'd like to also give special thanks to Steve Morowitz at Video-X, David Sutton at VCX and J Billi at Gourmet," continued Coleman.

On Friday, Castle will be hosting another event at its Mesa, Arizona store; the chain's first Fetish Ball featuring Nina Hartley, Nicole Sheridan, Voodoo, Brittany Skye and Mistress Aradia.
